ARDBEG HOMES
FOR OUR FUTURE

ABOUT ARDBEG HOMES

The Ardbeg Homes development at Stronachlachar is a unique offering of seven energy-efficient rural properties. Situated in the picturesque hamlet of Stronachlachar which is located at the far end of Loch Katrine, each home benefits from a sense of calm that is perfectly in keeping with the idyllic country setting. Working with our highly experienced team, Ardbeg Homes have created these remarkable rural properties, all with a distinct character that reflects the local setting. Perfect as a prestigious family home or enviable holiday retreat these homes are carefully crafted focusing on space, light and functionality.

“...Situated in the picturesque hamlet of Stronachlachar, which is located at the far end of Loch Katrine, each home benefits from a sense of calm that is perfectly in keeping with the idyllic country setting...”

- Purchasers can choose to amend or add to the Ardbeg standard range. Any changes to the standard range are to be chosen with the assistance of the Ardbeg sales team and are subject to an additional charge, which must be paid for at the time of placing the order.

THE STABLES IS A COLLECTION OF FIVE NEW-BUILD HOMES SET WITHIN THE TRULY STUNNING LOCATION OF STRONACHLACHER IN THE LOCH LOMOND & TROSSACHS NATIONAL PARK. THESE HIGH-QUALITY HOMES DESIGNED TO MAXIMISE SPACE AND LIGHT, FEATURE THREE BEDROOMS, THREE BATHROOMS, AND AN OPEN-PLAN LIVING AREA THAT INCLUDES A STATEMENT KITCHEN. EACH HOME HAS A PRIVATE DRIVEWAY AND A LARGE GARDEN THAT IS IDEAL FOR FAMILIES.

The entrance hall is naturally lit, setting the tone of the property with a bright and airy welcome. The kitchen, living and dining room continues the warm invitation, sharing a generous open-plan layout to accommodate a wide range of comfortable lounge furnishings and a family dining table.

Furthermore, dual-aspect windows bring a constant flood of warm sunshine into the living space, which is cleverly zoned to meet all the expectations of modern lifestyles. Organised around a central island, a contemporary kitchen with streamlined cabinetry and integrated appliances adds to the beautiful blend of modernity. A contemporary shower room just off the hall brings further convenience to the ground floor. Upstairs, each property has three bedrooms. The master bedroom has a spacious en-suite shower room and built-in wardrobe, whilst the second double bedroom also enjoys direct access to the main bathroom and has a built-in wardrobe. The third bedroom has versatile dimensions allowing it to be used as spacious single bedroom or perhaps as a home office. The contemporary family bathroom, with built-in storage, finishes the accommodation. Externally, The Stables have an idyllic setting in Stronachlachar, with each home enjoying a private driveway for off-street parking, and a large rear garden.

AN ECO BUILD WITH IMPRESSIVE GREEN CREDENTIALS

To complement the beauty of its natural surroundings and to ensure the high-quality interiors are always at their best, The Stables has been extensively upgraded with state-of-the-art environmentally-friendly credentials. The luxury property has been constructed with high-performance structural insulated panels (SIPs) ensuring Passive Standard and unrivaled thermal and energy efficiency with minimal wastage. Furthermore, the exteriors are finished with Lap cladding, which is very resilient and aesthetically pleasing, bringing a natural look that sympathetically fits with the home's stunning location. On the inside, The Stables is designed to provide maximum warmth and comfort all year round, whilst maintaining optimal efficiency with low and efficient running costs. To this end, it is equipped with an air source heat pump, as well as underfloor heating throughout. It also has a solar-panelled PV (fitted in the roof) to reduce the cost of utility bills and it has a Mechanical Ventilation with Heat Recovery system (MVHR) for a continuous supply of fresh filtered air. High-quality windows and doors add to the already impressive thermal standards and high levels of efficiency. LED lighting is also installed throughout for a bright and airy ambience and improved environmental performance. All of these green features work together to provide the very best in comfort, quality, and energy and thermal efficiency. In short, The Stables is an eco-friendly build with its foundations firmly in the future.
